General Manager, Personnel

SUBJECT: INDEX BY CLASS AND EMPLOYEE ORGANIZATION

As one of its functions under the Employee Relations Ordinance, the Civil Service Department is charged with maintaining the official record of the bargaining unit assignment of each class and the employee organization representing each class. Attached for your information is an index in class order number of all classes, the bargaining unit to which it is assigned and the employee organization currently representing the class. This index is being provided to each department to assist in the administration of various provisions of the Salary Standardization Ordinance (SSO) and memoranda of understanding, and for other labor relations purposes.

This index includes an informational column entitled "Bargaining Unit Status." A legend for translating the codes in the bargaining unit status column appears at the top of page one as do the legends for all other columns. The information on Bargaining Unit Status is included as there are certain unresolved representation issues pending due to the large volume of unit assignments made after the passage of Proposition B (November 1991 ballot). In addition, there continues to be changes affecting representation status resulting from new unit assignments or recognition elections. Therefore, departmental staff are advised to confirm representation status before taking action which may be affected by a change in representation.

This index may be photocopied if additional copies are required. If there are questions about this index, representation issues, or other labor relations issues under the jurisdiction of the Civil Service Department, please contact Janet Rogers, Senior Personnel Analyst, at the Civil Service Commission Labor Relations Unit, 44 Gough Street, San Francisco, CA 94103, telephone number 557-4990. If Ms. Rogers is unavailable, another analyst in the office will be able to assist you.

## MEMORANDUM

No. 93-28

DATE : June 4, 1993

TO : Appointing Officers  
Departmental Personnel OfficersFROM : Wendell L. Pritchard  
General Manager, PersonnelSUBJECT: INDEX BY CLASS AND EMPLOYEE ORGANIZATION (UPDATE)

Attached for your information is an updated (previous revision issued 10/92) employee relations index. This report indicates the bargaining unit assignment and the recognized employee organization, if any, for all civil service classifications covered by Charter Sections 8.407 and 8.409. This index is being provided to each department to assist in the administration of various provisions of the Salary Standardization Ordinance (SSO), memoranda of understanding (MOU), and for other labor relations purposes.

This index includes an informational column entitled "Bargaining Unit Status." A legend for translating the codes in the bargaining unit status column appears at the top of page one as do the legends for all other columns. The information on Bargaining Unit Status is included as there are still unresolved representation issues resulting from the large volume of unit assignments made after the passage of Proposition B. In addition, there continue to be changes affecting representation status resulting from new unit assignments or recognition elections. Departmental staff are advised to confirm representation status before taking action which may be affected by a change in representation.

This index may be photocopied if additional copies are required. If there are questions about this index, representation issues, or other labor relations issues under the jurisdiction of the Civil Service Department, please contact the Civil Service Commission Labor Relations Unit, 44 Gough Street, San Francisco, CA 94103, telephone number 557-4990.

## MEMORANDUM

CSC NO. 94-7 >

DOCUMENTS DEPT

JUN 14 1994

DATE : June 10, 1994

TO : Appointing Officers  
Personnel Officers

FROM : Albert C. Walker  
Executive Officer, Civil Service Commission

SUBJECT: UPDATE OF INDEX BY CLASS AND EMPLOYEE ORGANIZATION

Attached for your information is an updated (previous revision issued June 1993) Employee Relations Index. This report indicates the bargaining unit assignment and the recognized employee organization, if any, for all civil service classes covered by Charter Sections 8.407 and 8.409. This Index is being provided to each department to assist in the administration of various provisions of the Salary Standardization Ordinance (SSO), memoranda of understanding (MOU), and for other labor relations purposes.

This Index includes an informational column entitled 'Bargaining Unit Status.' A legend for translating the codes in the bargaining unit status column appears at the top of page one as do the legends for all other columns. The information on Bargaining Unit Status is included as there are still unresolved representation issues resulting from the large volume of unit assignments made after the passage of Proposition B (November 1991 Ballot). In addition, there continue to be changes affecting representation status resulting from new unit assignments or recognition elections. Departmental staff are advised to confirm representation status before taking action which may be affected by a change in representation.

This Index may be photocopied, if additional copies are required. If there are questions about this Index, representation issues, or other labor relations issues under the jurisdiction of the Civil Service Commission, please contact Janet Rogers, Civil Service Commission Labor Relations Unit, telephone number 557-4915.
